CRUISE CODE: 8SGA

Whether you're a gardening fanatic or are simply looking for a relaxing cruise holiday, this really is an opportunity too good to be missed. Join us as we gently cruise to Le Havre and the Isles of Scilly, where you can enjoy the wonderful scenery of some of Europe's top garden attractions including Monet's Water Garden and Tresco Abbey Gardens.

LE HAVRE, FRANCE for MONET'S WATER GARDEN

The city of Le Havre is a delight to visit, with a sandy beach stretching across the shore, and plenty of churches and museums to explore. Spend the day in Le Havre, or take advantage of our optional excursion to Monet's Water Garden. Experience the world that Monet brought to life, see the house where he lived, his studio, the Japanese Bridge and the plants that he loved.

ISLES OF SCILLY for TRESCO ABBEY GARDENS & ST. MARY'S

Travelling to the Isles of Scilly by Ocean Cruise liner is by far the best way to visit. You'll enjoy a relaxed and stress-free journey to this tiny corner of England and plenty of time to explore. Experience the very best of the wonderful attractions in Summertime bloom without the need to pay the expensive hotel and flight prices you would expect for a stay on such a paradise island. With sub-tropical sandy beaches in the south and wild, rugged heathland to the north, it's sometimes hard to remember that Tresco is a wholly British island. The gentle Gulf Stream gives the island a mild frost-free climate and exotic flowers and plants from all over the world flourish in this tiny corner of England, ranging from fuchsias to palm trees.

Take advantage of our optional excursion to Tresco, and you will be able to visit Tresco Abbey Gardens; one of the world's most fascinating botanical experiments. Here you will find a unique collection of plants that flourish in the warm Gulf Stream climate, ranging from South African Cacti to

tall Palms from Chile. Bananas can even be found growing outside the Old Benedictine Abbey, whose ruins that date back to the 11th century.

On St. Mary's, the largest of the five inhabited islands, you'll find safe beaches, unique shopping opportunities and a number of delightful nature trails, perfect for country walks.

FALMOUTH, for THE EDEN PROJECT

Once a water-logged, china clay pit, the Eden Project (included in the price) is now home to the largest conservatories in the world and we include entrance to this fascinating attraction. These futuristic creations are home to a myriad of plants and environments, enabling you to travel the world in one day. From the steamy forests of Amazonia, to the paddy fields of Asia, this magnificent living theatre reveals plants as you've never seen them before. It is an unshamed assault on all the senses, combining entertainment and education in a way that makes it a truly unforgettable experience. Even outside the conservatories, you are still travelling through different worlds that range from China to the USA.

Monet's Water Garden, Giverny
